

Mission Spotlight: Ozark Mission Project

Another Ozark Mission Project is in the books! This year, we sent the largest group from PHUMC — 85 youth and adults. Many people don't realize that each youth pays \$200 to participate, and your contribution to the youth mission budget pays another \$75 per student to spend a week doing yard work, building wheelchair ramps, and doing odd jobs.

This year, our 6th-7th grade students went to Jonesboro and our 8th-12th grade students went to Rogers. I want to thank our 18 adults who attended this year! We all had a great time, but don't just take my word for it. Read these wonderful testimonies shared by participants. - **Rev. Jay Clark, Pastor to Youth & Their Families**

"My family group built a wheelchair ramp for Mr. and Mrs. Spears and did yard work for Ms. Hernandez and her daughter. And after this week I can safely say that the five of us will never be the same. The Spears family has been hit by a multitude of misfortunes over the past six months.

After the death of their only son, Mrs. Spears had to get her leg amputated and her husband John was recently diagnosed with cancer. But in spite of the terrible events that have taken place over the past six months, I have never come across people with a stronger faith. They have this infectious ability to take a bad situation and turn it into something positive. They look to God for help through every hardship that they face.

After spending four days with them, my family group and I can all agree that they did more for us than we could ever do for them. In addition to the amazing experience I had with my wonderful neighbors, I also benefited from spending time with my family group. I especially enjoyed the fact that the camp was made up entirely of PHUMC youth and adults.

*The all PH camp allowed me to get to know other youth I didn't know very well. By the end of the week I can safely say that my family group (which included Rev. Skarda) and I had become a family. At OMP I met new people, built relationships, and God changed the lives of my neighbors using us. In doing that, I was changed and will never be the same. Ozark Mission Project is a wonderful experience that has strengthened and developed my faith in ways that I cannot describe." - **Anne Marie De Luca***

“OMP has been a huge part of my life since the sixth grade, and I have met people and made memories that will stay with me forever. I still think about and keep in touch with kids who were in my first family group. The past two years, we have had family groups within our own phyouth group. This has greatly strengthened our bond as a group and has resulted in some people that I barely new becoming my best friends. Through worship and building porches and wheelchair ramps along with relationships with our neighbors that we work for, I have grown closer to God.”

– Phoebe Sanders

“This year was my third and best Ozark Mission Project. My family group’s first project was to build a wheelchair ramp. After a few minor setbacks and a lot of laughs, we completed our ramp. Watching our neighbor go down her ramp made all of our hard work worthwhile. Next, we scraped and painted a fence for a nonprofit called Horses for Healing. Their mission is empowering children with disabilities through horse riding therapy. We were able to see many adorable animals during this project and painting the fence with my family group was so much fun! However, OMP wasn’t just about the projects we did, but also the relationships we made. The bonds that were made with my family group are unforgettable. Our family group truly became a family.”

– Jessalyn Hoskyn

“Ozark Mission Project is one of the best experiences I have had with the church. We had the opportunity to help out people in Northwest Arkansas in many different ways. We would wake up early every morning and go out to the job sites to paint, build porches and wheelchair ramps, or just do jobs around the house. Even though what we do for our neighbors is important, making relationships is an even bigger part of OMP. We worked together with a group of youth called our family groups. Throughout the week we grew closer through eating together, worshipping together, and singing along to the radio on our way to the job sites. When we ate lunch at our job sites, we invited our neighbors to do a devotional with us. The devotionals helped us get to know our neighbors and what struggles they might be going through. At night, we would do sharing, which helped us learn about what other people did during the day and how Christ worked through them. We would worship together in the chapel of the church. Even though we had some struggles, I wouldn’t have traded the OMP experience for anything else.”

Dear Members and Friends,

Dr. Sergei Nikolaev, President of Moscow Theological Seminary of the United Methodist Church and a graduate of the seminary, will be here to speak briefly at each of our Sunday morning worship services on August 5.

Dr. Nikolaev will share about the seminary and the importance of our scholarship support throughout the years. Individuals wishing to learn more can register to have lunch with him following morning worship.

Pulaski Heights United Methodist Church has been committed to supporting the growing UMC in Russia since 1995. Our church initially provided volunteers and money to build a church in Ekaterinberg. Many mission trips to Russia were organized by the late Wes Smelley. Church members who participated in these mission trips will tell you how meaningful the experience was.

In 2012, our church began designating one of our monthly mission offerings for the Moscow Theological Seminary of the UMC. I had the joy of serving on the Seminary Board for six years, and I continue to be involved with the Seminary by serving on the President's Advisory Board. The Moscow Seminary is the primary resource for UMC education in Russia, Ukraine, Moldova, Belarus, and Central Asia. More than 100 United Methodist pastors and lay preachers have been trained at the seminary. Our offering each year has helped provide a one year scholarship for a seminary student.

With tension continuing to increase between our countries, I believe the United Methodist Church is needed in Russia and Eurasia. We must have committed pastors to serve and grow our churches there. Each person in our church has the opportunity to be a part of this important work through our special mission offering on August 5. Our goal for the offering is \$5,000.

Sincerely,
Freddie Nixon, PHUMC Member
