David Dances

2 Samuel 6:1-19

King David was bringing the chest of God to the city. The chest was very special. It reminded the people that God was with them.

“Praise God!” shouted King David.

King David was very happy that he could bring the chest of God home. He was so happy that he planned a big parade so everyone could see the chest.

Many, many people joined King David in the parade.

Some people played trumpets to praise God. Some people played harps to praise God. Other people sang to praise God, but King David wanted to praise God with his whole body. So King David danced!

“Praise God!” he shouted. “Praise God!”

The parade ended when the chest of God was carried into the city.

"God bless you," King David said to the people. "Remember that God will be with you your whole lives."

Then King David gave bread and date cakes and raisin cakes to all the people.

King David knew it was a great way to praise God! 

How do you like to praise God?
