

Pulaski Heights
United Methodist Church
Single Parent Support Group
via Zoom Meeting

There aren't many people who truly understand the unique challenges single parents face. *Single & Parenting* is a special weekly group that will bring hope to your life. We'd love for you to join us.

Boogie Faulkner, Co-Facilitator

"As a single parent of two, I found myself lost in the navigation shuffle of life. I began looking for connections of parents who shared and understood the challenges I face with being a single parent. I am beyond grateful for PHUMC for establishing this connection that other single parents can share, relate, and understand more of this journey God has laid out for us."

Laura Haynie, Co-Facilitator

"Single parenting can be so isolating but in it I have found an incredibly beautiful bond with my son. This ministry is so important for recognizing both the beauty of the journey and also that we are never isolated or alone."

Boogie & Laura are members of PHUMC.
